Milam Tax Payers Save $500,000 on Bond Refund

Austin, Texas, March 14—Milam County taxpayers will save more than $500,000 on their outstanding road bonds through the refunding act of the legislature last year, according to preliminary figures just compiled by the state highway department.

Gasoline tax revenues are providing the money for this saving, beginning this year. The law sets aside one cent of the four cent gas tax, or more than $7,000,000 a year. Each month's portion of this income is to be divided in the proper ratio and paid against the maturities of each county for that month.

The ratio is to be set by the new Board of County and District Road Indebtedness. Gibb Gilchrist, its chairman, said that while payments have already begun, the amounts thus far are too scattered to bear any real significance.

The highway department's records show that Milam county has contributed $500,798 to the construction of designated state highways and bridges since the department was established in 1917. County officials have given state officials an es-

MILAM COUNTY MEAT SHOW ON APRIL 6 AND 7

Milam County Meat Show will be held in Cameron April 6 and 7. Exhibits will be placed beginning at 1 o'clock the 6th.

A community exhibit consists of the following: 3 cured hams, 3 cured bacons, 3 cured links of sausage, 4 cans of each of the following items: barbecue, tamales, plain cubed chicken, beef roast, pork roast, pork chops, chili, mince meat liver paste, scrapple, sausage, in patties, canned cured sausage, lard, soap, steak.

Individual exhibits may be selected from the following list: An individual exhibit of canned meats consists of two cans of each article for example, 2 No. 2 cans of chili, of the cured meats one or two pieces may be exhibited: hams, bacons, link sausage, soap, quart jar of lard, beef roast, pork roast, pork chops, chili, mincemeat, liver paste, scrapple, sausage, barbecue, tamales, chicken. It is necessary to exhibit two cans of each article in the individual exhibits since it is necessary to open one can for judging. In judging meats that are cured it will be necessary in the final judging to cut hams and bacons.

Miss Lola Blair, state food specialist will judge canned meats and give a demonstration in the judging. Specialist Snyder and Regenbrecht will give judging and cutting demonstrations in meats.

FACULTY MEMBERS GIVE P-T. A. PROGRAM

Another interesting meeting of Cameron Parent-Teacher Association occurred last Thursday.

The program was unusually attractive as planned by three of the faculty. Miss Mary Ellen Jeter's excellent paper on "Spiritual Value of the Arts" was well illustrated by sketches done by the students.

Miss Adele Wilkerson introduced second and third grade pupils in two selections and also led the Choral Club in two lovely numbers.

Miss Dorothy Blaylock's reading was given in her always pleasant way.

As the climax of the years business undertakings, it was voted to place a fence around the playground recently graded by a corps of workers from the Relief employees.

BANKS GAIN $42,606 IN FIRST DAY OF BUSINESS

After being closed by proclamation of the Governor and the President of the United States for fourteen days, the Cameron Banks were authorized to open Wednesday, March 15th, without restrictions.

The first day's business exemplified an unparalleled spirit of loyalty on the part of our citizens to their financial institutions. The combined figures for the two banks at the close of the first day's business showed the following: Deposits $91,200.71; Check, $48,591.93.

These checks represented transfers from one account to another and was the accumulation of checks cashed by merchants during the bank holiday except only $1,641.30 paid out in cash over the windows of the banks, the largest of which was $25.00. No account was closed in either of the banks.

Reports from the other three banks in Milam county, located at Rockdale, Thorndale and Buckholts indi-

BURLINGTON LEGION MEN TO ENTERTAIN

Members of the Edwin Hardy Post No. 9 who live in the Ben Arnold and Burlington communities will entertain all ex-service men of Milam and surrounding counties on Tuesday evening, March 21.

All members of its post are requested to meet at the Legion Club room at 6:45 o'clock. The men will leave for Burlington in a body at 7 o'clock. This is a special meeting of the post and all ex-service men are urged to attend.

Legionaire Ed Hess is general chairman of this meeting and has charge of the entertainment. Legionaires know what to expect when Mr. Hess is in charge of a program.

Registration will be in charge of Grover Alber and B. McSherry. Eats will be prepared by H. Litzman, B. Faulkner, John Kleypas, Walter Hargrove and J. A. Henderson. This committee will be assisted by cooks Fritz Wied, Nic Krause, John McAtee and John Witt.

Regular business of the Legion will be carried on at this meeting and talks by leading men of the Legion will be made.

This program will be of interest to all veterans and your attendance is urged.

EPISCOPAL CHURCH

HUNDREDS EXPECTED TO VISIT CAMERON FRIDAY

Annual meet of the Milam County Interscholastic League will be held in Cameron Friday and Saturday, March 17 and 18.

Clear and favorable weather was expected to bring hundreds to the city for the two days. Each school in the county will send their quota of students and teachers.

The program for the meet will include many subjects of interest and a number of well known educators will be heard.

Athletics playing a big part in the meet each year will be under direction of Coach Haynie of Yoe High. T. A. Fisher, superintendent at Cameron will be director general of the meet.

TRUSTEE ELECTION SATURDAY APRIL 1ST

An election will be held Saturday April 1 for one school trustee in each of the districts of the county. Notices are being mailed this week.

Two members of the county board of education are to be elected. The terms of E. B. Phillips of Precinct 3 and B. R. Thompson of District 4 expire. County board members are elected by Commissioner Precincts.

Names to be filed for the ballot must be in the hands of Judge Kemp at least ten days before the election date and Tuesday is the last day to file.

W. A. Morrison, chairman of the state board of education, has been appointed by Governor Ferguson to be a member of the State Board of Education.

Clarence Booker Is In McLennan County Jail; Awaits Trial

Clarence Booker, negro, indicted here this week for the murder of Andy Smith, Cameron grocer on the night of December 21, 1932, is in the McLennan county jail.

Following his indictment returned by a grand jury in District Court Monday, notice was sent to the sheriff of McLennan county Tuesday.

Booker will be returned to Cameron to face trial for his crime.

LEGAL BEER AND WINE IN 15 DAYS PROSPECT

Beer and wine in 23 states within 15 days was the immediate prospect as the United States Senate prepared Thursday to vote on the bill passed by the House Wednesday.

The Senate amendment provides for wine and this amendment is said to be accepted by the House.

Already 23 states have paved the way for legal alcoholic beverages, involving a population of 72,000,000 American people.

Texas Legislature was contemplating a vote in 1934 on ratification of the national amendment proposed to repeal the 18th amendment.

Nothing is likely to be done in Texas toward legalizing sales of beverages under a liberalization of the Volsted Act. The Dean law would prohibit sale, unless also liberalized.

TAX ELECTION

On March 18 the tax payers of the Briary school in Milam county will vote to reduce the taxes of the district from 50c to 25c.

Here's License That Will Open Banks

LICENSE

The _____

is hereby permitted to open on ------- March 13th ------, 1933, its offices in Dallas, Texas, and to perform its usual banking functions, except:

(1) To the extent prohibited in the executive order of the President of the United States issued on March 10, 1933, (an extract from which is printed hereon);

(2) To the extent limited or prohibited by any executive order of the President or by regulations of the Secretary of the Treasury.

This license may be revoked in whole or in part by the Secretary of the Treasury at any time.

Issued by direction of W. H. Woodin, Secretary of the Treasury.

Federal Reserve Bank of Dallas.

B. B. McKinney

Governor.

Licenses like this were displayed Monday morning by Dallas members of the Federal Reserve bank when they opened for the first time in 10 days. Under the new laws, no member of the Federal Reserve bank can open its doors without first being examined and found sound. Then a license like this will be authority to open in the Texas district. The mechanics of examining all banks takes time, causing many banks over the state to open later than others.

HOARDED GOLD TURNED INTO CAMERON VAULTS

Approximately $10,000 in gold and gold certificates had been turned in to Cameron banks up to Wednesday night, it is said by bankers.

Surrender of the basic money followed President Roosevelt's banking moratorium and response to the Treasury Department demand for gold deposits with the Federal Reserve banks has been one of the sensational developments in the entire banking tangle.

Cameron banks opened on Tuesday. Deposits have exceeded withdrawals by two to one, it was announced. Normal conditions prevail and confidence has been completely restored

UNITED STATES GOVERNMENT GIVES O K TO LOCAL BANKS

The United States Government has declared Cameron banks strong, safe and solvent and both were opened Tuesday for business and the orderly process of banking was once more leading the vanguard of business.

Cameron banks were closed on March 2 by proclamation of the Governor of Texas. Subsequently President Roosevelt after his inauguration proclaimed a holiday throughout the nation and banks were closed for 15 days.

The proclamation of the President is gradually being lifted and thousands of banks throughout the country are being opened.

It was announced here Thursday morning that bank deposits in Cameron had exceeded withdrawals by two to one and there was no evidence of disrupted confidence. Depositors have co-operated in every way and gold was being returned to the banks.

A feeling of optimism was general among the people. Wholehearted support of President Roosevelt and approval of his aggressive action in the national crisis was being expressed on every hand. The new deal is here, people seem to realize it, and while there may be a few difficulties to the start upward, a way out is certain and normal activity in farming and business is at hand.

Buckholts Bank Is Opened Wednesday

The Buckholts State Bank was opened for business on Wednesday, Thomas V. Adams, director, reported to a representative of this paper.

All State banks had been closed under proclamation of Governor Ferguson and were not permitted to re-open until President Roosevelt raised the proclamation. Patrons of the bank at Buckholts will be glad to know their bank is sound and safe and now resuming normal business.

All Milam County Banks Are Opened

All banks in Milam county were open and doing business as usual when this was put into print.

Oxsheer Smith, president of Milam County Bankers Association, urged that all banks in the county be permitted to open at the same time and this request was granted.

Gains in deposits and approximately $15,000 in hoarded gold has been turned into bank vaults of the county.

Friday, March 17 is the last day on which those who have gold may surrender it at the banks and avoid penalty.

DEPOSITORY BONDS OF BANKS ARE APPROVED

Milam County Commissioners Court has approved the bonds of the Citizens National Bank and the First National Bank as depositories for the county funds.

Two thirds of the funds have been allotted to the Citizens National and one third to the First National.

The bond of the Citizens National Bank is for $220,000 and the bond of the First National Bank is for $90,000 maximum with security commensurate with funds actually on deposit.

The Citizens National Bank has been made depository for the school funds of the county and has executed a bond of $40,000 to secure them. The rate of interest to the schools is one half of one per cent.

Interest rates on other funds is one and a half per cent, payable monthly on daily balances.

The bonds of the banks are pledge bonds and as deposits decline securities may be withdrawn. The Citizens National Bank deposited with the county $168,500 in securities consisting of warrants issued by Texas

MANY FARMERS ASK FOR CROP ADVANCES

More than 150 applications have been made for crop production loans for Milam county for 1933, according to H. H. Onstot, field supervisor for this district. This number greatly exceeds the number requested last year during the same period, and indicates a much larger demand for these loans for 1933.

The amounts asked for this year by the farmers of Milam County are moderate, averaging considerably less than $100, and will cover the only actual costs of making the 1933 crop. In no case will a larger loan be made to a borrower in 1933 than in 1932.

In making the crop production loan the government requires first lien on the 1933 crops in every case. That is anyone holding a lien on the crop of any kind must waive that lien before the loan is made. This includes landlords, banks or any other creditor holding a lien on a 1933 crop.

Funds obtained from these loans can be used only for crop production purposes and in every case the borrower will be required to give an accounting to the government as to how these funds were used.

The loan period will close on April 30, 1933, and no loans will be made after that date.

Applications for loans in Milam County are to be made at the Chamber of Commerce office in Cameron, at the office of the city secretary in Thorndale; with T. B. Rran at Rockdale; at Newton and Sons, Milano; or with J. C. Freeman at Maysfield.

Mr. Onstot will be in Cameron each week during the loan period on Wednesday and Thursday.

Municipal Tennis Court Planned for Park Here

Plans for a municipal tennis court at the city park are being worked out by the Lions Club and City Commissioner Joe Bass and others.

The court will be large and indications are it will be ready for games by early spring, according to O. C. Acrey, president of the Lions Club.

If established, Mrs. Gladys Watson will be custodian of the club.

Child Welfare Worker Here On March 25

Texas Division of Child Welfare will be represented in Milam county on March 25 by Mrs. Violet S. Greenhill, chief of staff. She will address an audience at the high school in Cameron at 2:30 on that date, and the public is cordially invited to hear this pleasing speaker.

Cameron Knights Columbus Sponsor Contest for Boys of 19th Texns District

Cameron Council Knights of Columbus is sponsoring a contest in the local district of the Texas state Council Knights of Columbus Boy Life Commission, in the interest of Boys organizations among the Catholic Parishes.

This contest is similar to that of Interscholastic League of public schools of Texas, and in part the same rules and regulations apply.

This contest is only being fostered in the 19th District of which J. A. Lindle of Cameron, a member of the Knights of Columbus Boy Life Commission, is chairman. He is being assisted by the local Councils Boys Work committee, whose membership is R. A. Michalka, Grand Knight; A. G. Kunz, Rudolph Richter, Dr. A. S. Valenta and E. B. Hess of Burlington.

Rev. E. V. Mooney, C. S. C., professor of education of the Saint Edwards University at Austin is Director General of the Boy Life Commission.

Favorable progress is being made in the contest, and a Boy Scout Troop has been formen in Waco under the sponsorship of the Waco Council of the Knights of Columbus.

The rules and regulations governing this contest are as follows:

1. Essay Writing, Subject "Christopher Columbus." This essay shall not consist of less than eight hundred nor more than one thousand words. The essay shall be written in ink and only on one side of the paper, to consist of standard composition paper.

The judges shall consider neatness, originality and general rhetorical and gramatical structure, and any other points which they may be agreed upon.

This contest shall be in two divisions; the Junior Division shall include boys from 12 to 15 years of age. The senior divisions shall include boys from 15 years up.

First and second prizes will be awarded in each division.

2. Debating, Subject "Resolved That the State Government Shall Adopt the Sales Tax."

In the finals the affirmative and negative sides shall consist of two members each. Ten minutes shall be given each speaker for the presentation of the main argument, five minutes for the rebuttal, then three minutes for the rejoinder.

This contest is open only to the boys of the senior division. First and second prizes will be awarded.

3. Declamation. In the Junior boys division selections from standard poetry shall be delivered of not more than ten minutes in length. A general guide as to the nature of these selections is any of the poems contained in the schools basic and supplementary readers. The selection chosen must not be in the nature of dramatic readings; must be in good English; must not be in dialect or require impersonation.

The purpose of this contest is to add to the mental enrichment of the boy by the memorizing of standard poetry and to enable them to give sincere, intelligent and effective oral interpetration of the same to an audience.

First and second prizes will be awarded in this contest.

Declamation for Senior Boys—The declamations for this division shall consist of prose selections, lying in the general field of Religion, Americanism, or Good Citizenship. This requirement may be fulfilled by a selection dealing with, (1) The fundamental qualities of virtues necessary for good citizenship. (2) A story or exposition of noted events or characters that have contributed to the making of America, or the religious life of America. (3) Patriotic or Religious selections. (4) Discussion of a present day Religious or a public question or issue.

These Declamations shall require not more than ten minutes for delivery. Poetic quotations may be included in a prose selection, provided the selection as a whole contains more prose than poetry.

Humor may be included, but purely "funny" pieces will not be allowed.

The purpose of these contests is to train boys as public speakers and not as dramatic readers or mere entertainers.

The decisions of the judges shall be final.

In the senior division, first and second prizes will also be awarded.

4. Handcraft—The hand craft division which shall also consist of Junior and Senior rank, shall be limited to the model aeroplane building, which shall consist of one particular type of plane. A Low Wing Type Monoplane.

The purpose of this contest is to encourage the boy to make a study of and acquaint himself with the subject of aviation.

The matter will be left up to the ingenuity of the boy as to how large his plane shall be and from which material it shall be made.

First and second prizes will be awarded in this division.

Information

The entrants to these contests shall be limited to boys who are members of boys clubs, societies or Boy Scout Troops, that are sponsored by Councils of the Knights of Columbus or that are under Catholic leadership, with members of the order in charge.

This contest is not intended to supplant or lessen any other activity that is now being contemplated by any parish or Parochial or Public school.

The purposes as above stated, being in the furtherance of the work of the Boy Life Commission of the Texas State Council of the Knights of Columbus in the nineteenth district.

Each participating section entering these contests will hold their own elimination contests, and choose their own judges to decide the entrants for the final event, which will be held in the Knights of Columbus hall at Cameron about the first or the first week in May, 1933, where the final awards will be made.

The judges for the final event will be selected by the committee in charge of the district.

The contest is being sponsored by Cameron Council No. 2338 Knights of Columbus. The awards will be appropriate medals, and will be given by the Cameron Council Knights of Columbus, and will bear an appropriate inscription of the event for which the medal is being awarded, as well as the donor, namely the Cameron Council.

A gold medal will be awarded as first prize in each event.

A silver medal will be awarded as second prize.

Any boy entering these contests may enter one or all of the contests at the same time.

In the matter of the essay contest, these essays must be submitted at least two weeks in advance of the final contest time so that they may be judged in time for the occasion of the final contest awards.

The committee in charge of each participating group are urged to get behind this project and see that every boy who enters this contest completes and submits his efforts whether he will be a prize winner or not.

A medicine that does something for women

A woman is old at thirty when she has let herself run down.

And she is young at sixty if she knows how to keep clear of chronic sluggishness.

Have you never tried the harmless medicine that is made for this very condition? Do you know that two or three weeks of its gentle stimulation has done the most amazing things for lots of women?

This means of stimulating the system to new life is a doctor's prescription. It is known as Dr. Caldwell's Syrup Pepsin. It is made from fresh herbs, active senna, and pure pepsin. From the day you begin with it, you will feel better; one spoonful disposes of any bilious headache; a larger dose relieves any constipated condition. A little now and then will keep you guarded from the auto-intoxication that dulls appetite and ambition in any man or woman.

Dr. Caldwell's Syrup Pepsin is known to all druggists; they always have it on hand. It is the most likeable and remarkable medicine you ever tasted. Try one bottle and compare your condition with the way you felt before!

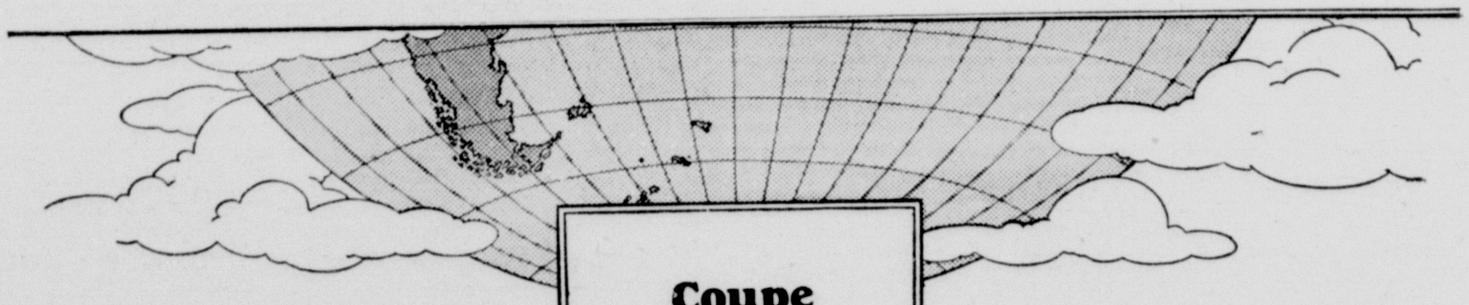
THE WORLD'S LOWEST-PRICED FULL-SIZE SIX-CYLINDER ENCLOSED CARS

A NEW AND ADDITIONAL LINE OF CHEVROLET SIXES



Another great new line of cars from the leader! Chevrolet introduces, as an addition to its present Master Six, the new Standard Six line. Big, full-size, full-length automobiles. Built to Chevrolet standards of quality . . . performance . . . dependability . . . and economy. And selling at the lowest prices ever placed on six-cylinder enclosed motor cars.

The styling is *modern, aer-stream* styling . . . ultra-smart and up-to-the-minute. The bodies are Fisher wood-and-steel bodies—spacious, tastefully finished—and featuring Fisher No Draft Ventilation. The windshields have safety plate glass. The transmission has an easy, clashless shift and a silent second gear. The engine is a smooth, fast, responsive six. And Chevrolet engineers have made *economy* an outstanding feature! Engineering tests show that the Standard Six goes more miles on a gallon of gas, more on a filling of oil, than will any other full-size car on the road. As for reliability—remember, it's a Chevrolet.

Introduction of this new Standard Six opens the way for new thousands of people to enjoy the advantages of Chevrolet quality. It gives the public, for the first time, a full-size automobile combining maximum quality and maximum all-round economy.

The Road To Better Health

The farmer is cleaning things up and getting ready for spring planting. The amateur gardner is doing likewise. And both are dealing with an ememy far more deadly than frost or rust. The foe is the germ of Tetanus, commonly called "Lockjaw."

Inasmuch as the bacillus of tetanus grows only in situations where there is little or no oxygen (air) it in general puncture wounds, whose opening is small and for the most part closed, that are dangerous. For this reason every wound should be immediately laid open by a free incision and thoroughly cauterized. Carlessness in this regard may be fatal. Many a man who has died of lockjaw might have been saved had he used this simple precaution.

Safest Procedure

A prophylatic injection of antitetanic serum should be the next step. This procedure has long passed its experimental stage and stands today a measure of proven worth and merit of the first magnitude. The serum is of no value after serious symptoms have developed, and the only hope then lies in the use of tetanus antitoxin.

Tetanus does not begin to show itself until about ten days after the date of injury. The first sign is a tired feeling and headache. A day or so later the patient complains of a stiffness and tension in the back of the neck and the muscles of mastication. In a short time spasm of these muscles takes place and locks the jaws, while the contraction of the neck muscles draws the head backward. The face is immovable, the forehead wrinkled and the corners of the mouth drawn back, causing a perpetual grinning expression.

Following this the muscles of the trunk and limbs become contracted. The entire body is now absolutely rigid. From time to time the patient has convulsions that cause the most agonizing suffering; the face is purple and there is danger of asphxia, while a profuse sweat covers the surface. Through it all the mind remains clear.

Fortunately the disease is of short duration. Death which is almost certain in every case, results from exhaustion, failure of the heart, or strangulation.

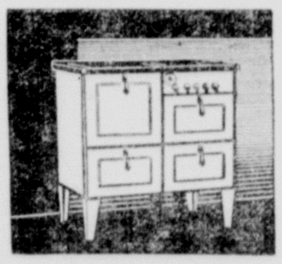
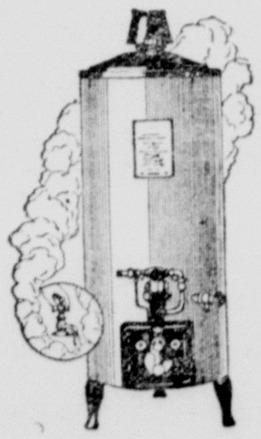
What

modern gas appliances will do for you—



One of the latest model gas ranges, which includes the latest improvements for economical cooking.



Modern automatic gas water heaters include improvements that utilize ALL the heat and require less gas than many models of a few years ago.

THE up-to-date gas appliances displayed by your gas appliance dealers will do far more for you than give you extra convenience. These latest models are designed to eliminate HEAT WASTE as well as simplify cooking, water heating and heating the home. The modern gas range, for example, is equipped with Automatic Oven Heat Control, which measures heat as accurately as you measure the ingredients of a recipe. In these newer models insulated oven walls keep the heat where it belongs—inside the oven.

In fact, a *modern* gas appliance is *real* economy. All down the line gas equipment has been improved, making possible a spotless, automatic, economical gas service wherever heat is required.

Compare your gas appliances with the modern equipment now available and take advantage of the additional VALUE that modern gas equipment gives you.

Banks

(Continued from page 1)

cate a similar trend of money back to the bank and that deposits exceed withdrawals.

The request of the president to deposit or exchange all gold coin for money at the banks has resulted in about $15,000.00 being turned into Milam county banks for shipment to Federal Reserve Bank. Many desired to turn in keep sake gold pieces that had a sentimental value but were informed that it was not necessary and that it was entirely optional with the owner of the gold.

Strange enough the rumor had been circulated that the gold would lose its value unless turned into the banks. This, of course, is not true and the rumor is without foundation. The American Government always wants to do the right thing, but at times finds it necessary to discipline us when we lose our heads and attempt our own ruin, as in the recent senseless stampede in the industrial centers for our gold coin and currencies.

The request for hoarders to turn in the money to sound banks brought out many interesting things.

One Cameron bank reported that it had received more than $3,000.00 in the old style large bills. The names of bank officials on some of the bank bills indicated that they had been kept many years. Some of the bills bore the signature of Cameron bank officials of other days. Among those were D. L. Wilson, cashier of the Citiens National Bank and A. J. Dossett, president of the First National Bank of Cameron. D. L. Wilson severed his connection with the Citizens National Bank 14 years ago.

Mr. A. J. Dossett sold his interest in the First National Bank of Cameron and retired from its presidency about 20 years ago.

First National Bank gave a bond secured by unencumbered real estate and other property assets of the bank and individuals signing the bond. The bond is signed by R. H. McIntosh for the bank as president and individually; Mrs. S. W. Cheeves, H. M. Hefley, A. K. Gurecky, Frank Cheeves and B. F. Stewart.

Bond of the Citizens Bank was signed by Oxsheer Smith, president; C. W. Lawrence, W. O. Newton, Rush A. Thomas, D. E. Monroe.

Taxpayers

timate which covers a longer period, totalling $553,000. The amount finally approved will be somewhere between the two.

The total expenditures of this type by all the counties of the state since 1917 total $90,345,267, according to highway department records. Estimates of county officials are still larger, but highway officials believe the ultimate total will be about $110,000,000. On the basis now set by the legislature, from 12 to 15 years would be required to pay it from the gasoline tax.

The Texas Good Roads Association, which secured these figures from the department, pointed out that in addition to the one cent of the tax which goes to county bonds, another cent goes to the state school fund, leaving but two cents of the tax for its primary purpose —the construction and maintenance of roads.

"Surely the motorists of Texas," the association's statement said, "are entitled to the remaining one half of this special tax for highways and highways alone, undolested by any further diversions. It will provide barely enough money to carry on the highway program on a much reduced scale."

In order to weld the motorists of the state into a unified force for concerted action in their own interest, the association is now engaged in a statewide membership campaign at a nominal fee. Civic leaders in every county in Texas are being selected to head local campaigns.

How Cardui Helps Women

"Mal-nutrition" means that your body is not getting enough to keep it up, so that what it has to do is not done well. You may not be eating enough to keep up the work of the body, or there may be something wrong that keeps you from getting full value from the food you eat.

Because of mal-nutrition, some women have aches and pains every month. Such pains should not be neglected.

Take Cardui to give you a better appetite, to give you more strength from the food you eat — to build up and increase your feeling of well-being. Aches and pains go away as you build up with the help of Cardui.

CHICKENS TURKEYS

Give STAR PARASITE REMOVER in their drinking water and disinfect all nests and roosts by spraying each month; It will destroy disease-causing germs and worms, rid fowls and the premises of all lice, mites, fleas and blue-bugs, tone their system, keep them in good health and egg-production and prevent loss of baby chicks. Begin its use now. Germs and worms always come with the hatching season. No trouble to use, cost very small and your money back if not satisfied. For Sale By—

Friday, March 17 Is Last Day To Turn In Hoarded Gold

Friday, March 17 is the last date on which gold can be surrendered at the banks for re-deposit in the Federal Reserve banks, it was announced by Aug. K. Gurecky of the First National Bank.

Penalty for hoarding gold imposes either or both a fine and imprisonment.

It is pointed out that the United States Government through its department of the treasury does not expect surrender of trinket or keep sake gold. Only that gold being hoarded in larger quantities. If you have a gold piece you want to keep, there seems no good reason why you should not do so, but if you have more than one, it might save you difficulties if you present it at the bank for redemption in currency.

Miss Imogene Saunders of Minerva was a business visitor to Cameron Tuesday.

Mary Lou, the three year old daughter of Mr. and Mrs. J. W. Stitt underwent a tonsil and adenoid operation Wednesday morning by Dr. Brook. She was the first patient to be operated on in the new Denson-Brook clinic which is over the New Cameron Drug Store. She is doing nicely.

CHARITY SUBSCRIBERS NOT PLEDGED LABORERS

Considerable misunderstanding among donors to United Crairities has arisen recently over the text of the following paragraph taken from communications given to donors acknowledging pledges for 1932-33.

"The following Regulations Must be Strictly Observed. Telephone No. 733 between the hours of 8 a. m. and 9 a. m. only, two days before you desire work to be done and if possible your needs will be supplied by the Employment Committee in charge of the Lions Club. Under no circumstances is any part of this subscription to be paid to laborers furnished by the United Workers."

A number of contributors have been under the impression that labor was guaranteed to them to the amount of their pledge. Such was not the meaning of the above paragraph. Workers were promised to contributors only where it was possible to furnish them, as the above paragraph reads. Many times it has been impossible to supply laborers, and yet many contributors contend that United Charities should and is supposed to guarantee the labor. The committee desires to state again that it assumes no responsibility to guarantee laborers, but will continue to supply such labor when it is possible and to the best of its ability.

The United Charities fund is very low at present. During the past cold wet months a large part of the fund has been spent for wood, food and other necessities. Some donors failed to bear in mind that their donation had to be spent to feed people in those cold wet months and now the fund is so low that very few workers can be supplied.

Since the need is far greater this year and subscriptions are less, the committee urges all contributors to pay as much as they can on pledges at present so that food may be furnished where there is need.

Begin Taking Cardui Today If You Suffer Like This Lady Did

"WHEN I was a girl, I began taking Cardui," writes Mrs. Maggie Stanfield, of Crandall, Ga. "I was very irregular for twelve months. Nothing did me very much good until my mother began to give me this medicine. Then I got all right, stout and well.

"After I was married, I was in bad health. I began taking Cardui again. I was troubled with my back a lot. Was awfully restless. I could not sleep well. I just weighed 90 pounds when I began taking Cardui. I improved rapidly. Before long I weighed 126 pounds. I felt fine. I was able to do a good day's work."

Cardui is sold by druggists here

Mrs. Grady Ford of Waco visited her aunt, Mrs. Mattie Shepherd Tuesday returning home that evening.

Marjorie Ann, the three year old daughter of Mr. and Mrs. Joe Denson is recovering from an attack of pneumonia. While ill her aunt, Mrs. Watt Skinner of Rogers assisted in helping to care for her.

O. K. Thornton of Wichita Falls, junior student at State University, spent the week end in Cameron and was the guest of Mr. and Mrs. James Neinast and family.

Newton Burnett and Sam Burnett, Jr. of Corsicana spent the week end here with their grandmothers, Mrs. Elizabeth Burnett and Mrs. Millie Lamkin.

How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nausealess calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish,—no danger.

Calotabs are sold in 10c and 35c packages at drug stores. (Adv)

SERVICES ANNOUNCED AT GOSPEL TABERNACLE

The Cameron Gospel Tabernacle pastor, Rev. Ben D. Hodge, announces a program of almost nightly activities to be conducted at the Tabernacle located on 5th and Fannin Streets.

Heretofore regular Sunday evening services have been held with a Bible class on each Wednesday evening. These services have frequently been supplemented with revival meetings lasting several days. Some who have held revivals there are Evangelist Harry H. Hodge, Evangelist Raymond T. Richey, the pastor, Rev. Ben D. Hodge, Evangelist John W. Sitton, the singing evangelist Phil Kerr, Evangelist A. J. Richey and recently Evangelist V. T. Smith of Chicago. Scores of persons have been converted and blessed as a result of these services, and also healed, it is reported.

GOPHER CONTROL FOR MILAM CONTINUES

Demonstrations on the control of gophers were given last week at the following places by Floyd W. Dawson of the Bureau of Biological Survey, and County Agent Geo Banzhaf: Old Tyson Farm near Branchville, Hoyte community, Sandy Creek and Maysfield. Mr. Dawson also gave demonstrations at Griffin Chapel and Vinedale school assisted by the colored county agent.

In these demonstrations 26 gophers were caught in traps, dug up 38 nests and found young gophers between two days and two weeks old, found 7 litters of young ranging from 1 to 3 per litter.

Mr. Dawson says apparently a large per centage of young gophers are born in March in Milam county. Therefore the best time to poison and trap and destroy nests is during late winter and early spring to stop the increase.

For further information in regard to poisoning and trapping this very distinctive rodent see the county agent.

Hints for the Household

BY BETTY WEBSTER

THINGS WORTH KNOWING

Testing a Broom

Always test a broom before purchasing it. Press the edge against the floor. If the straws bristle out and bend, it is a poor one. The bristles should remain in a solid, firm mass.

To Take Away a Bad Odor

Dried orange peel, allowed to smolder on a piece of red hot iron or on a shovel, will kill any disagreeable odor in a room.

Bacon Grease

Never throw away bacon grease. Always keep a jar handy to pour grease into. In this way bacon is not so expensive as every bit is utilized.

Use it for frying.

Use it for seasoning vegetables.

Doughnuts fried in bacon grease are wonderful.

Delicious spice cake can be made by using bacon grease.

Bacon grease can be used to make gingerbread.

To Clean Silver Easily

Make hot suds. Put a half teaspoon of ammonia into the suds. Use a brush and wash silver quickly in this ammonia and hot suds. Dry with clean towel. Later rub with a chamois.

To Renew Cane Seat Chairs

Sagging cane seats may be tightened by washing in hot soap suds and leaving to dry in the open air.

BAKING HINTS

Casserole of Eggs and Mushrooms

1-4 pound fresh mushrooms.
2 tablespoons of buter.
1 tablespoon of water.
A little salt.
A little pepper.
A little paprika.
1 tablespon of cut up parsley.
5 Eggs.
2 tablespoons of bread crumbs.
1-4 cup of milk.

Method: Wash and cut up mushrooms. Cook in butter, water, salt, and pepper for a few minutes. Pour into baking dish. Beat eggs slightly. Add the eggs, parsley and salt and milk. Top with bread crumbs and pieces of butter. Bake about 45 minutes.

COOKING HINTS

French Dressing

Proportions for making French dressing are always 3 to 1. Three tablespoons of oil to 1 of vinegar. Method: Mix dry ingredients. A little sugar. Pepper. Salt. A little mustard. Lot of Paprika. Add oil and then vinegar. Blend well. Pour into a bottle and shake well. This is an ideal way to keep a bottle of French dressing made up.

Cod Fish Balls With Egg Sauce

Mix cod fish with equal quantity of mashed potatoes. Shape into balls and fry.

Serve with egg sauce made by using a thick white sauce in which has been cut up slices of whites of hard boiled eggs. Pour over cod fish balls. Mash yellows of eggs together and sprinkle liberally over the top. This makes a pretty dish.

21 FELONY BILLS ARE RETURNED BY JURY

The March Grand Jury of the District Court of Milam county composed of J. W. Coleman, Cameron, foreman, W. R. Harris, Salem, secretary, R. O. Harper, Jones Prairie; H. M. Lange, Gause, John Backhaus, Jr., Rockdale; Henry T. Burgess, New Salem; H. H. Hines, Davilla; W. M. Herman, Sharp; W. W. Caddell, Buckholts; Willis Vogelsang, Ben Arnold; C. A. Tyson, Maysfield and J. D. Link, Walker's Creek, made their final report to Judge Graham Gillis Monday evening March 13, A. D. 1933 as follows:

The Grand Jury for the above term of court beg to report that we have been in session six days and during said period of time we have examined 170 witnesses and found 23 true bills of indictments; 22 being of the grade of felony, and one being of the grade of misdemeanor.

The Grand Jury recommends and urges that iron bars or protection be placed over the windows on the stair step landings between the second and third floors of the court house as we deem it dangerous to let it remain as it is.

We desire to thank the various court officers and bailiffs for the assistance given us during our deliberations. Having completed our labors we now ask to be finally discharged.

J. W. COLEMAN,
Foreman of Grand Jury.

Attest:
W. R. Harris, Sec'y.

The following indictments were returned into Court by the Grand Jury:

Clarence Booker, murder; George Williams, murder, 2 cases; Isidor Martinez, murder; John Garcia, burglary, 2 cases; John Garcia, felony theft; Birt Hill, burglary; Finis Stark, burglary; Cecil Allison, burglary; Willie Thomas, theft of chickens, 2 cases; Otha Porter, theft of chickens, 2 cases; J. C. Terry, theft of chickens, 2 cases; A. J. Thomas, theft of chickens, 2 cases; Eppa Waits, carrying a pistol, this being a misdemeanor, same was transferred to the county court of Milam county.

On Monday the 13th day of March, 1933, in the State of Texas vs. Eddie Davis, charged with theft of turkeys, defendant plead guilty and was given 1 year with suspended sentence.

The State of Texas Vs. S. W. Dees, charged with theft of cattle, is set for Monday, March 20th, 1933. The State is represented by S. M. Burns, Criminal District Attorney and defendant by E. A. Camp, Rockdale, Texas.

The criminal docket will be set immediately and in all murder cases there will be a special venire drawn from which to select a jury to try these cases.

Court Condems Act of Legislature In Tax Relief Measure

Criticism of the Legislature is expressed by the Commissioners Court as the result of passage of legislation remitting penalty and interest on taxes due and past due.

A resolution passed by the court at its February meeting says that the law designed to help has harmed those whom it sought to help and further expresses the belief that it is well known that many citizens able to pay taxes have failed to do so and are using the money for other purposes and are taking advantage of the state's leniency.

The legislation referred to is classified as special relief acts passed by the legislature.

COUNTY OBTAINS LOAN

In consequence of reduced tax collections the County Judge and County Auditor have been authorized by the Commissioners to obtain a loan and accordingly $14,000 has been advanced the county by S. W. McClaren. Of this amount $7,000 is to be paid out of the special road and bridge fund and $7,000 out of the general fund. Six per cent interest is being paid on the loan. In addition the county has borrowed $3500 from Lucille and Emma Gene McClaren at 6 per cent to be paid out of the general fund receipts.

These loans are made necessary as a result of reduced tax collections.

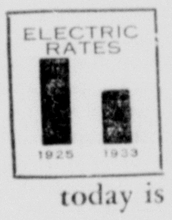
Let's talk Electric Service

IN these days of declining prices it is natural that the prices of all commodities and services are carefully weighed and compared.

While you know that the cost of living is down, it is doubtful that you know the cost of your home electric service is also down . . . that it decreased consistently for several years while other costs of living jumped up and down.

Back several years ago, the average customer used very few kilowatt hours of electric service each month. Electricity was then used almost exclusively for lighting, and that usually consisted of only a drop cord and one lamp for each room.

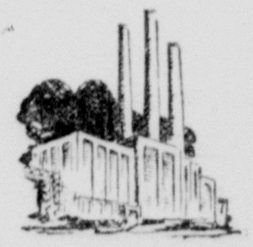
But as the many labor-saving and pleasure-giving electric appliances were developed and offered for sale at low prices, and as new methods of wiring included outlets for conveniently attaching these appliances where needed all over the house, people began to use more electricity.



You often hear a friend or a neighbor say that his electric bill is just as high as it ever was. As a matter of fact, the average electric service bill today is more than it was ten or fifteen years ago. This is because more and more electricity is being used to operate the many new appliances installed in the average home from year to year. A check-up of the average electric service account would more than likely show that in March, 1914, about thirteen kilowatt hours were used; in March, 1921, about eighteen kilowatt hours; in March, 1928, about twenty kilowatt hours; and in March of this year, about twenty-six kilowatt hours.

The rates for electric service to residential customers in Cameron have been reduced three times since the Texas Power & Light Company purchased the local system in December, 1925. The low rates now in effect permit the average customer to buy 68 per cent more electricity than at that time for the same amount of money.

The above figures are average and apply to nearly all customers. Of course, there are some who now use and who have always used only a minimum of service . . . only a few kilowatt hours each month. These few customers cannot hope to buy such a small amount of electricity each month at the same average price per kilowatt hour as do customers who use more electric service. It costs just as much to maintain electric service lines, read meters, and keep a record of the account of a minimum user as it does for a customer who takes advantage of the benefits of full use of electric service.



Electric rates HAVE BEEN REDUCED. The average residential customer in Cameron buys 68 per cent more electricity in 1933 than in 1925 and 33 per cent more than in 1928 for the same amount of money.
